

89B.3 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Division*” means the division of labor services of the department of workforce development created under section 84A.1.

2. “*Emergency response department*” means any governmental department which might be reasonably expected to be required to respond to an emergency involving a hazardous chemical, including, but not limited to, local fire, police, medical rescue, emergency management, and public health departments.
